

Application No. 10/519,419

**REMARKS/ARGUMENTS**

This is in response to the official action dated October 19, 2007. Reconsideration in view of the following is respectfully requested.

Claims 11-16 stand rejected under 35 USC 112. The examiner recognizes that the specification supports the teaching of antitumor effect against certain diseases. Claim 11-16 have been limited accordingly, and thus the rejection is overcome. The examiner also suggested that the claims be fashioned as a 'pharmaceutical', and the amendment has been adopted.

Claims 11-18 have been amended to follow the restriction of T to phenylalanine.
